# GREETING OF THE FATHER OF

To the Endeavorers of Indiana: My Dear Friends-I am glad to have the opportunity of sending you through the courtesy of The Indianapolis News, a hearty greeting. The cause through the courtesy of The Indianapolis News, a hearty greeting. The cause which we represent has been prospered during the last twelve months more than in any one of the twenty-two years of its history. It has extended into half a dozen new countries in Europe, and obtained a firm foothold in them, and now there is scarcely a country in any continent where the Christian Endeavor movement is not established.

ENDEAVOR TO INDIANA MEMBERS.

The conventions, too, in our own land have given evidence of renewed vitality and vigor. Since my return from Europe, I have attended many of them in many States, and everywhere are found large numbers, deep spiritual interest, and generous enthusiasm. An effort is being made in many parts of the Union to increase the numbers of societies by at least 10 per cent, and to add a like number to the membership of existing societies, thus furnishing the basis for a genuine advance movement which will bless the churches through the young people, and build up the kingdom of the Master.

Along missionary lines, and in the interests of good citizenship, too, the so-ciety has made great advances, and stands more firmly than ever for intelli-gent activity in the local church, for clean politics and civic rightcousness, for world-wide evangelization, and, above all, for the fellowship which brings into one brotherhood all young people of all denominations who are working for the advancement of the good and true. In all these good things I am confident the Endeavorers of Indiana will have a large part, as in the past they always have had in the many lines of Christian Endeavor activity. Faithfully yours, FRANCIS E. CLARK.
